# TEMPORARY STORAGE

## **YOUR LEADER IN GRAIN STORAGE SOLUTIONS, INTRODUCES TEMPORARY STORAGE**

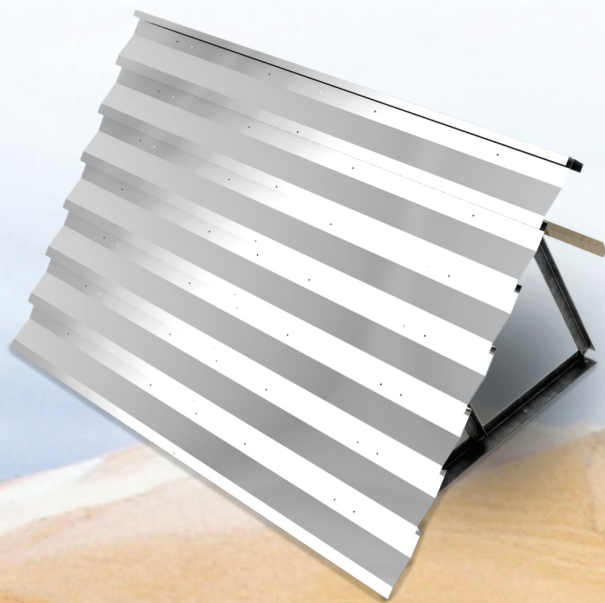

GSI temporary storage systems are an effective and cost efficient way to increase your storage capacity. We offer a full line of pile options designed for fast and easy storage.

**INCREASE GRAIN MARKETING POTENTIAL**

**PENNIES PER BUSHEL**

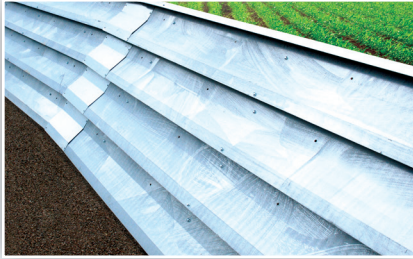

**LOW COST AND LONG LIFE**

**PROVIDE STORAGE FLEXIBILITY**

## OFFERING COMPLETE TEMPORARY STORAGE SYSTEMS, INCLUDING WALLS, AERATION AND TARPS

### WALL PANELS

The wall system plays an important part in your temporary storage system. Providing optimal airflow, GSI's wall panels are custom configured to the needs of your system.

- Our patent pending wall design provides maximum airflow
- Galvanized wall supports and wall sheeting provide a durable solution
- Wall heights available include 3.5', 6', and 8'
- Wall panel design provides efficient shipping and easy on-site setup

### AERATION SYSTEM

GSI's customizable aeration system ensures air flow during storage that can be configured to fit your needs.

- Polypropylene corrugated double wall tube with smooth surface inner wall allows maximum air flow
- 12", 18", and 24" dia. pipe available
- Aeration pipe diameter, perforation, and location is customized to your commodity needs
- Durable pipe provides for easy, on-site handling that can be used again year after year

### TARPS

Protecting your grain is key, GSI offers a full line of tarps and options for your temporary storage system.

- Integrated internal strapping system provides maximum tarp security
- Velcro rain-flap with grommet connection will protect grain from the elements

## OTHER GSI PRODUCTS

WWW.GRAINSYSTEMS.COM

### 40-SERIES™ GRAIN BIN

When determining the best system for your operation, we know that what's protected inside the bin is what counts most. Each GSI bin is efficiently designed to handle maximum loads for unmatched strength. All GSI bins are constructed using the highest-strength steel available.

### MATERIAL HANDLING

GSI's material handling line includes bucket elevators, chain conveyors, belt conveyors, and bin unloads. Also available are towers, catwalks, and support structures.

### DRYING AND CONDITIONING

What sets Zimmerman Tower Dryers apart from the competition is the combination of over 50 years of innovative design expertise and industry proven drying principles. The result is an easy-to-operate, easy-to-maintain, fuel-efficient grain dryer, supported by an expert dealer network.

### GLOBAL SOLUTIONS. LOCAL SUPPORT.

GSI and GSI Dealers alike share the same passion and commitment to our customers. GSI Dealers understand down time is not an option, construction schedules must be met. From site planning to installation and service, GSI Dealers are the proven partners for your operation. When you buy GSI, you get the quality product of a worldwide leader and the dependable service of your local Dealership.
